## NOTICE

## STRATFORD

For forty-four years we have been conducting business at the same old location, corner of Main and John Streets, Bridgeport, Conn., and our Private Bank has been established there continuously. We have received and paid out on demand without notice millions of dollars of money deposited with us and we continue to receive money subject to depositor's check at sight, on which we allow three per cent. per annum, credited to each account monthly. We solicit the accounts of individuals, business men, firms and corporations, and all who want a bank account where they can deposit money, checks or drafts, and have it for one day, one week, one month or one year, and draw interest on it for any time it is left with us. We give to the business our careful personal attention as the oldest firm of private bankers in this state.

## Honest Oysters For Our Customers

To be honest with our customers—honest with ourselves, we have become the registered agents of the Sealship System in Bridgeport.

For years and years people have been buying oysters shipped over the country in soggy wooden tubs. Oysters which were half liquor. The "liquor" is the melted railroad ice which has been put into the open tub with the oysters by the expressman on the journey from the sea coast. It isn't fair to ask oyster prices for it.

Sealship Oysters are packed solid into air-tight, germ-proof containers—no liquor. If you have been buying oysters by the quart, get only a pint of Sealship. They go just as far. Order for Friday on Thursday.

## AWARDING OF PRIZES AT CARNIVAL THIS EVENING

K. of C. Affair Comes to a Close  
Tonight With the Distribution  
of \$1,000 and Costly Gifts

The awarding of \$1,000 in gold in prizes ranging from \$500 to \$1, thirty-five prizes in all, and a dozen booths full of costly articles, will form the principal feature of interest in the closing of the 10 nights Carnival of the Knights of Columbus at the armory to-night. Other attractions, such as dancing and the diversions of the various booths will lend to the program for the carnival valedictory. Hundreds of children thronged the armory at the initiation to-day and to-night it is expected that the record crowd of the carnival will be on hand.

## ELECTORS, ATTENTION

For information concerning approaching election, Democratic Headquarters, Lincoln Building, Cannon street, will remain open from 7 to 9 o'clock each evening. Thomas F. White in charge. Voters whose names are not on the list will please report it. Telephone call 3989.

## FAIRFIELD

The Democrats in town have every reason to feel encouraged over the ticket they have put in nomination. There is undoubtedly a growing dissatisfaction with the present order of things, or the machine, which dictates and controls nomination, and then runs the town. Men should be sent to Hartford who will work for the greatest good of the greatest number, and not for the privileged few, for a corporation, which it is often alleged owns the state. One thing is sure, no mistake can be made in voting for Messrs. Brothwell and Burr for representatives. In a chat with a farmer representative yesterday Cassella V. Brothwell said he endorses everything Judge Baldwin has said in present campaign from A. to Z. He is in favor of an efficient public utilities bill and is broad-minded in his views. He said that if he goes to Hartford he will be a tireless worker, and no bill will slip through at any hour of the day or night without his knowing what it means. He considers that one of his best assets in the coming election is that he is associated with such a man as William O. Burr. Two better men to represent this town can hardly be named. Charles Archer, of Southport, has accepted a clerkship at Betts' grocery store. Mrs. Bradley, a sister of Scott, the painter and contractor, is visiting in town for a couple of weeks. She has recently spent a year in California, mostly in Los Angeles and at Sacramento. The firemen indulged on Thursday evening in the amusement of a soap bubble party. Dominic Mercurio is harboring a strange cow which came from his premises on Thursday afternoon. She is red with a crumpled horn. K. Herbert K. Tob, the state ornithologist, has been looking up the question of English starlings, flocks of which have appeared in town. He says that in 1909 he saw but a few of these birds on the New Haven marshes, but in September of this year he saw on the same marshes a flock of some 2,000 young starlings. From the 60 birds of this species, which were brought from England, and liberated in Central Park in 1890, they have now spread from Boston to Washington, and gone inland as far as Springfield and Worcester. In the time the wave of starlings will spread over the whole United States. The question is whether we are to have another sparrow pest on hand. It is known that during most of the year the food of the starling consists of insects. Mr. Tob thinks that the pest may prove to be a great nuisance. He will be in town again next Saturday, when he is to speak before the Audubon Society. Miss Daisy Knapp, of Greenfield Hill, had a few days ago what they call a "kitchen shower." Her friends, to the number of over 20, assembled at her home, and presented her with a tub full of all sorts of kitchen utensils. Some time this fall she is to become the bride of Ellis Nichols of Hull's Farms. Charles Devereux, after a three week's visit in town, has returned to New Rochelle. The Christian Endeavor Society will meet at Grange Hall on the 9th of November. Miss Florence Goodwin, from Hartford, is expected at the Hotchkiss residence on Mill Plain. Henry Burr and wife and Mrs. Francis Burr, have returned from a trip through the Berkshires. On the 25th inst., which is next Tuesday, the choir of the Southport Methodist church will give an entertainment in the church parlors. This church has recently come into possession of the \$3,000 left by the will of the late C. C. Meeker. John Demeski, who refused to support his wife, was up before Justice Bacon, Wadsworth, and put under bonds to pay her \$5 a week. On the 17th of November he is to come to court quired. He claims he married the woman because he had to, and he thinks he will ask a superior court to set the marriage aside. The deserted wife has put her case into the hands of Chamberlain & Hull. The case of Louis Hiller, charged with selling adulterated milk, will come up for hearing Monday morning at 11 o'clock. Some time during the winter Mrs. Edmund Guilbert, of Southport, proposes to visit her brother in California.
